

NIS2 Maritime & Port Compliance (EU)

EARLY ACCESS - USD 99

Full course includes 8 modules + templates + quiz + certificate

About This Course

This premium Early Access course prepares maritime and port professionals to achieve NIS2 Directive (EU 2022/2555) compliance — the EU cybersecurity framework that entered into force in October 2024. Built for practical implementation, not just theory.

Who Is This For?

- Port authority compliance and IT managers
- Shipping company CISOs and risk officers
- NIS2 project leads and internal auditors
- Maritime supply chain and vendor managers

Course Structure — 8 Modules

M1	NIS2 Foundations & Scope Who must comply, timelines, penalties up to €10M / 2% turnover
M2	Governance & Board Accountability Art. 20 obligations — management liability and policy approval
M3	■ Risk Assessment Framework
M4	■ Incident Response & Reporting
M5	■ Supply Chain & Third-Party Risk
M6	■ Technical Controls Implementation
M7	■ Audit Evidence & Documentation
M8	■ Compliance Roadmap

Included Templates (XLSX)

Gap Assessment	NIS2 Art. 21 controls gap tracker
Risk Register	Maritime-specific threat and control register
Incident Log	24h/72h/30-day reporting workflow tracker
Supplier Risk	Third-party cybersecurity assessment checklist
Audit Evidence	Evidence log for NCA inspector visits
RACI Matrix	Governance roles and accountability matrix
KPI Dashboard	Board-level NIS2 compliance indicators
90-Day Roadmap	Prioritised implementation timeline

Scenario-Based Assessment

The course includes 10 scenario-based questions drawn from real maritime NIS2 compliance situations — ransomware at sea, GPS spoofing, supplier breach response, board accountability challenges. Pass at 75% to unlock your digital certificate.

Digital Certificate

Students who pass the final assessment receive a verified digital certificate issued by Maritime Nexus Academy, including a unique verification code and QR code.
